Significant TASS Issues in TIE-Lewis

- 4960th MFTB Accreditation
- MOS Conversions
- Instructor Strength
- ATRRS Utilization
- Multi-component MI Training Organization
- Multi-component NCO Academy

Accreditation Issue

- **Issue:** 4960th MFTB Accreditation
- **Discussion:** Recent assessment by TIE-Lewis indicates that the command has made little progress in correcting previously noted deficiencies and are in jeopardy of failing to receive accreditation.
- **Status:** TIE-Lewis pushing Title XI support from CONUS TASS Bns to assist the 4960th in preparation for their accreditation.

MOS Conversion Issue

- **Issue:** Projected Conversion of MOS's
- **Discussion:** Conversion and consolidation of the following MOS's may generate significant student load reductions prior to effective date of conversions (FY05).
 - a. 91W
 - b. 63B/S/W
 - c. 63H/Y
 - d. 63G (deletion)
 - e. 63D/45D
 - f. 35J/F/N
- **Status:** TASS Battalions coordinating with proponent school for implementation instructions.

TASS Battalion Instructor Issue

- **Issue:** Instructor Strength
- **Discussion:** Assigned strength shortfalls impact on funding provided by USARC for conduct of annual training which results in projected non-conducts and inadequate funds to support mission requirements
 - a. Assigned
 - b. Qualified
 - c. Certified
- **Status:** 104th Div (IT) coordinating with USARC for additional funds.

ATTRRS Issue

- **Issue:** ATTRRS Utilization
- **Discussion:** ATTRRS is not being fully utilized by Title XI's at TASS Bn's or QSM's due to lack of understanding system capabilities.
- **Status:** Working to develop a Regional training event to address shortfalls. Will also address at PORTAC/RAC/REC.

Multi-Component MI Training Organization Issue

- **Issue:** MI Multi-Component Organization
- **Discussion:** 104th DIV (IT) and the MI community looking at the possibility of regionalizing some of the MI courses. There is an initiative underway on establishing a Multi-component training company with the California ARNG here in Region G.
- **Status:** 104th DIV (IT) meeting with key players from MI community in Dallas on 6 Feb.

Multi-Component NCO Academy Issue

➤ **Issue:** Multi-Component Academy Mergers

➤ **Discussion:**

a. Talks continue at two locations, Ft Lewis, WA and Ft Shafter/Schofield Barracks, HI.

b. Ft Lewis finished IPR #5 and is stalled with a draft MOU and Concept Plan in place being staffed. USARC appears to be the stumbling block at the moment. Issues are: Academy space, UIC-ownership, patch or organization that will be in charge, delivery mode of PLDC and loss of turf. Many negative feelings were present during our last IPR.

c. Implementation of test for FY02 is currently scheduled for 01 October 2001 at Ft Lewis. There was a meeting in Dallas on 8 February with USARC CSM, CSM Starmer, CSM Litsey, SGM Colimon and SGM Trask to discuss the next approach.

d. Hawaii finished IPR #1 with IPR #2 on 26

~~February. Talks were fruitful and all participants agreed~~

~~to conduct feasibility studies at their sites~~

Multi-Component NCO Academy Issue (Con't)

➤ Status:

- Issue discussed during ITSW
- Ft Lewis talks scheduled to continue in

February

- USARPAC personnel will brief feasibility studies at IPR #2 on 26 Feb 01

TIE-Lewis ADRS Training Update / Status

- MOUs Completed
- Aggressive initial start; States reluctant to take
down current structure due to
uncertainty of the
Army's future structure (i.e. IBCT)
- 2 courses in FY01 at Ft Hunter Liggett

student load of ~ 40 88M
- Currently no ADRS courses requested
for FY02/03

Success Stories in TIE-Lewis

Director's Top Three Issues

- Projected Personnel Losses
- FY01 Budget
- ATRRS Training
